

Water Based Inner Tire Release Agent Environmentally Friendly Tyres Mold Release Agents

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Lubekote
- Model Number: xxxxx
- Minimum Order Quantity: None
- Price: 1-99 usd
- Packaging Details: 25L, 200L
- Delivery Time: 5-15 working days
- Payment Terms: T/T
- Supply Ability: 20T/week

Product Specification

- Product Name: Water Based Mold Release Agent
- Classification: Chemical
- Name: Mold Release Agent For Rubber InnerTyre
- Odor: Slight
- Application: Rubber Tyre Demolding
- Diluent: Water
- Feature: Environmental Friendly
- Advantages: Excellent Surface/finish
- Highlight: **Tire Release Agent Water Based, Lubekote Tyres Mold Release Agents, Environmentally Friendly tire mold release**

Product Description

Water-based Inner Tyre Release Agent Environmentally Friendly Lubekote 9836A

There are two different types of mold release agents for tyres, silicone and non-silicone release agents. Mold release agents for tires are usually made of silicone emulsions. Non-silicone release agents which is also called inside green tyre paint is a water based paint and they are usually free of silicone.

Our Lubekote release agent are widely used in tire industries.

Rubber Tire mold release agent Advantages:

Easy to use
Eco friendly
Easy demoulding, less mold residue
Excellent release properties
Long-lasting release performance

Water Based Mold Release Agent for Conveyor Belt Application:

Molds should be clean before using.
Apply a thin coat of our release agent.
Wait until the water is evaporated.
Start production

Handling precautions:

For industrial use only.
Prolonged skin contact with high concentrate dilutions should be avoided. Accidental splashes in the eye should be washed out with copious amounts of water.
Do not allow product to freeze.
