

Non Transfer High Slip Tire Release Agent Water Based Tyre Release Agent

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Lubekote
- Model Number: xxxxx
- Minimum Order Quantity: None
- Price: 1-99 usd
- Packaging Details: 25L, 200L
- Delivery Time: 5-15 working days
- Payment Terms: T/T
- Supply Ability: 20T/week

Product Specification

- Product Name: Water Based Tire Release Agent
- Classification: Chemical
- Odor: Slight
- Application: Rubber Parts Demolding
- Diluent: Water
- Feature: Environmental Friendly
- Advantages: No Greasy, No Pollution
- Highlight: **Non Transfer Tire Release Agent, High Slip Tire Release Agent, Water Based tyre release agent**

Product Description

Water-based Tire Release Agent Non-transfer High Slip Lubekote 9502A

Description:

Lubekote 9502A is a mold release agent designed for moulding operations when non-transfer of release agent, high temperature stability, high degree of slip, and abrasion resistance of the release film are important.

Lubekote 9502A is water-based mold release agent. It can be diluted. The dilution ratio depends on the application.

Lubekote 9502A has less building up on the mold.

Properties:

Appearance: White liquid

Density: 0.97-1.03 g/cm³

Shelf life: 12 months

Advantages:

Easy to use

Environmentally friendly

Less building up on the mold

No greasy, no pollution

Excellent surface (gloss finish)

Good releasing performance

Can also be used for all rubber-types.

Application:

1. Clean the mold before applying.

2. Apply a thin layer of Lubekote 9502A.

3. Wait until the water evaporates.

4. Start production.

5. Reapply a thin coating at process temperature when needed.

Handling precautions:

For industrial use only.

Prolonged skin contact with high concentrate dilutions should be avoided. Accidental splashes in the eye should be washed out with copious amounts of water.

Do not allow product to freeze.

More release agent for tire industry

Application	Suitable code	Dispersing medium	Advantages
Tire	Lubekote 9919	Water based	Semi-permanent lubricant system designed for coating of Bladders and touch up coats on Bladders or Green Tires; Easy to apply; Provides true multiple releases; Universal for all tires.
Tire	Lubekote 9502A/9503A	Water based	Semi-permanent water-based release agent applied on tire molds. The gloss level of part surface gloss is adjustable.

Shanghai Lorechem Co., Ltd. was established in 2008. It is a high-tech enterprise which is dedicated to serve releasing products which involve semi-permanent release agent, anti-sticking, surface lubrication and thermal reactive adhesive.
