

Conveyor Belt Mold Protecting Water Based Mould Release Agent

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Lubekote
- Model Number: xxxxx
- Minimum Order Quantity: None
- Price: 1-99 usd
- Packaging Details: 25L, 200L
- Delivery Time: 5-15 working days
- Payment Terms: T/T
- Supply Ability: 20T/week

Product Specification

- Product Name: Water Based Mold Release Agent
- Classification: Chemical
- Name: Mold Release Agent For Conveyor Belt, V Belt
- Odor: Slight
- Application: Rubber Parts Demolding
- Diluent: Water
- Feature: Environmental Friendly
- Advantages: High Dilution
- Highlight: **Conveyor Belt water based mould release agent**
,
Environmental friendly water based mould release agent
, **high dilution water based release agent**

Product Description

High Dilution Lubekote Water Based Mold Release Agent for Conveyor Belt Mold Protecting

Lubekote release agent for belt are with high quantity. Both waterbased and solvent based product are available.

Water Based Mold Release Agent for Conveyor Belt Advantages:

- Easy to use
- Eco friendly
- Easy demoulding, less mold residue
- Dry film without oil, tape surface wireless marks
- Excellent release properties
- Not affect subsequent sand blasting and other post processes

Water Based Mold Release Agent for Conveyor Belt Application:

- Molds should be clean before using.
- Apply a thin coat of our release agent.
- Wait until the water is evaporated.
- Start production

Handling precautions:

- For industrial use only.
- Prolonged skin contact with high concentrate dilutions should be avoided. Accidental splashes in the eye should be washed out with copious amounts of water.
- Do not allow product to freeze.

PU Double Density
Shoe Sole

Warehousing and logistics

It has nearly 5,000 square meters of cargo storage area. Eight employees work full-time in warehousing.

Technical support

Making adjustment in the field

Shanghai Lorechem has a professional technical service team, whose members are specialized in polymer materials engineering. They have a wealth of field testing.

Testing in the field

Shanghai LoreChem Co., Ltd. was established in 2008. It is a high-tech enterprise which is dedicated to serve releasing products which involve semi-permanent release agent, anti-sticking, surface lubrication and thermal reactive adhesive.

Shanghai LoreChem has been improving product quality for 15 years. The releasing products are mainly applied in rubber, polyurethane and composite industry. The brand of Lubekote for release agent and Thinkbond for adhesive have been registered in China. Both of them are well known in the industry.

Shanghai LoreChem 's business is all over the domestic and foreign high-end production enterprises by providing professional technical solutions and services. The company's long-term goal is to become one of the best suppliers of release agent in Asia.

Shanghai Lorechem Co., Ltd. was established in 2008. It is a high-tech enterprise which is dedicated to serve releasing products which involve semi-permanent release agent, anti-sticking, surface lubrication and thermal reactive adhesive.
