

## Polyurethane Rigid Foam Release Agent Semi Rigid Chemical

Our Product Introduction

for more products please visit us on [shlorechem.com](http://shlorechem.com)

### Basic Information

- Place of Origin: China
- Brand Name: Lubekote
- Model Number: xxxxx
- Minimum Order Quantity: None
- Price: 1-99 usd
- Packaging Details: 25L, 200L
- Delivery Time: 10-15 working days
- Payment Terms: T/T
- Supply Ability: 20T/month

### Product Specification

- Classification: Chemical
- Name: Foam Mold Release Agent
- Brand Name: Lubekote
- Appearance: Liquid
- Odor: Slight
- Place Of Origin: China
- Application: Demolding For Rigid/semi-rigid Foam
- Highlight: **Polyurethane Foam Release Agent,  
Foam Release Agent Semi Rigid,  
Chemical mold release agent**

## Product Description

### Polyurethane Rigid Foam Semi-rigid Foam Release Agent

Polyurethane rigid foam product is a closed cell foam with highly cross-linked and low density. It has the advantage of light weight, high strength, good adhesion and superior thermal insulation. Our mold release products in this field can not only achieve excellent mold releasing effect, but also are good at post processing for products.

#### Application Field:

Lubekote release agents are widely used for furniture components, decorative building materials, insulation panels, wipe board, sun visor, roof liner.

#### Advantages:

Easy to use  
Prevents build up on the molds  
Excellent anti-tack agent for rubber hose  
Non greasy, non contaminating coating  
Excellent performance of produced parts  
Excellent release properties

#### Application:

Molds should be clean before using.  
Apply a thin coat of our release agent.  
Wait until the water is evaporated.  
Start production

#### Handling precautions:

For industrial use only.  
Prolonged skin contact with high concentrate dilutions should be avoided. Accidental splashes in the eye should be washed out with copious amounts of water.  
Do not allow product to freeze.

#### More release agent for PU industry:

| Application   | Suitable code  | Dispersing medium | Advantages  |
|---------------|----------------|-------------------|---|
| CPU           | Lubekote 9120  | Water based       | Environmentally friendly; Easy to apply; Prolongs the mold cleaning cycle.  |
| CPU           | Lubekote 9020  | Solvent based     | Highly diluted; Multiple releases; Gloss finish.  |
| Rigid foam    | Lubekote 9701  | Solvent based     | Dry surface; Good performance on post process; Dilutable.   |
| Rigid foam    | Lubekote 925L  | Solvent based     | Excellent and multiple releases; Highly diluted.  |
| Flexible foam | Lubekote 9820A | Water based       | Environmentally friendly; Low VOC; Delicate skin, highly diluted; Less contaminating mold.  |
| ISF           | Lubekote 9810G | Water based       | 5~10 times dilution; Cost-effective; Less contaminating mold; strong demolding; Universal for all ISF.                            |
| Encapsulation | Lubekote 9808E | Water based       | Matt finish; Excellent performance of produced parts; Less contaminating mold; strong demolding; Universal for all encapsulation. |

## Warehousing and logistics

It has nearly 5,000 square meters of cargo storage area. Eight employees work full-time in warehousing.

## Technical support

Making adjustment in the field

Shanghai Lorechem has a professional technical service team, whose members are specialized in polymer materials engineering. They have a wealth of field testing.

Testing in the field

Shanghai LoreChem Co., Ltd. was established in 2008. It is a high-tech enterprise which is dedicated to serve releasing products which involve semi-permanent release agent, anti-sticking, surface lubrication and thermal reactive adhesive. Shanghai LoreChem has been improving product quality for 15 years. The releasing products are mainly applied in rubber, polyurethane and composite industry. The brand of Lubekote for release agent and Thinkbond for adhesive have been registered in China. Both of them are well known in the industry.

Shanghai LoreChem's business is all over the domestic and foreign high-end production enterprises by providing professional technical solutions and services. The company's long-term goal is to become one of the best suppliers of release agent in Asia.
