

## High Dilution Semi Permanent Mold Release Agent Water Based For Rubber Anti Vibration Parts

Our Product Introduction

for more products please visit us on [shlorechem.com](http://shlorechem.com)

### Basic Information

- Place of Origin: China
- Brand Name: Lubekote
- Model Number: xxxxx
- Minimum Order Quantity: None
- Price: 1-99 usd
- Packaging Details: 25L, 200L
- Delivery Time: 10-15 working days
- Payment Terms: T/T
- Supply Ability: 20T/month

### Product Specification

- Classification: Chemical
- Name: Mold Release Agent
- Brand Name: Lubekote
- Appearance: Liquid
- Odor: Slight
- Place Of Origin: China
- Application: Antivibration Part
- Diluent: Deionized Or Distilled Water
- Highlight: **High Dilution Semi Permanent Mold Release Agent**  
, **Semi Permanent Mold Release Agent Water Based**  
, **Liquid high temperature mold release**

## Product Description

### Semi-Permanent Release Agent for Rubber Antivibration Parts High Dilution Water Based

**Properties:**

State: liquid

Density: 0.97-1.03 g/cm<sup>3</sup>

Shelf life: 12 months

**Application Field:**

A is a release system designed for molding operations. It produces a durable film on the mold surface capable of providing many releases before reapplication is necessary. It will not contaminate the released surface.

It is water-based. It is ready to use. But it can be diluted in some cases.

**Advantages:**

Water based, no VOC

Easy to apply

Multiple releases per application

Excellent slip and air bleed

Excellent performance of produced tires

Thin layers give best results and cost-effective

Universal for all tires

**Application:**

Molds should be clean before using.

Apply a thin coat of our release agent.

Wait until the water is evaporated.

Start production

**Handling precautions:**

For industrial use only.

Prolonged skin contact with high concentrate dilutions should be avoided. Accidental splashes in the eye should be washed out with copious amounts of water.

Do not allow product to freeze.

**More Semi-permanent release agent:**

Application	Suitable code	Dispersing medium	Advantages
Seals & Gaskets	Lubekote 9165C	Water based	Can be used as both semi-permanent and highly diluted. Applied as semi-permanent it has strong durability and good releasing effect; Excellent performance of surface gloss; Cost-effective;
Tire	Lubekote 9919	Water based	Semi-permanent lubricant system designed for coating of Bladders and touch up coats on Bladders or Green Tires; Easy to apply; Provides true multiple releases; Universal for all tires.
Tire	Lubekote 9502A/9503A	Water based	Semi-permanent water-based release agent applied on tire molds. The gloss level of part surface gloss is adjustable.
Silicone & Fluorine rubber	Lubekote 9165C	Water based	Applied for releasing hard-to-release rubber such as fluorine rubber ; Can be used as both semi-permanent and highly diluted. As semi-permanent it has strong durability and good releasing effect; Excellent performance of surface gloss; Cost-effective; Good performance on post process;

## Warehousing and logistics

It has nearly 5,000 square meters of cargo storage area. Eight employees work full-time in warehousing.

## Technical support

Making adjustment in the field

Shanghai Lorechem has a professional technical service team, whose members are specialized in polymer materials engineering. They have a wealth of field testing.

Testing in the field

Shanghai LoreChem Co., Ltd. was established in 2008. It is a high-tech enterprise which is dedicated to serve releasing products which involve semi-permanent release agent, anti-sticking, surface lubrication and thermal reactive adhesive. Shanghai LoreChem has been improving product quality for 15 years. The releasing products are mainly applied in rubber, polyurethane and composite industry. The brand of Lubekote for release agent and Thinkbond for adhesive have been registered in China. Both of them are well known in the industry.

Shanghai LoreChem's business is all over the domestic and foreign high-end production enterprises by providing professional technical solutions and services. The company's long-term goal is to become one of the best suppliers of release agent in Asia.
