

PU Release Agent For Polyurethane Shoe Soles Moulding LubeKote

Our Product Introduction

for more products please visit us on shlorechem.com

Basic Information

- Place of Origin: China
- Brand Name: LubeKote
- Certification: ISO
- Model Number: TS-71-9060
- Minimum Order Quantity: No
- Price: Negotiable
- Packaging Details: 20L/200L
- Delivery Time: 15-20 working days
- Payment Terms: TT

Product Specification

- Features: Non-corrosive
- Surface: Glossy Finish
- Viscosity: Low
- Brand Names: LubeKote
- Feature: Environmental Friendly
- Density: 0,96-1,00 G/cm³
- Highlight: **LubeKote PU Release Agent,
Moulding PU Release Agent,
Polyurethane Shoe Soles PU Release Agent**

Product Description

Product Description:

When using the Lubekote PU Mold Release Agent, it is recommended to store it in a cool and dry place to ensure its effectiveness. This product is designed to provide excellent demolding power, which makes it suitable for use in various PU shoe sole. In summary, the Lubekote PU Mold Release Agent is a top-quality product that provides exceptional performance in releasing molded PU products from their molds. If you are looking for a reliable and efficient PU release agent, the Lubekote TS-71-9060 is an excellent choice.

Features:

Product Name: PU Mold Release Agent

Surface: Glossy Finish

Features:

- Reduce build-up on mold surface and less transfer to the molded products.

- Lower scrap rates, increase productivity.

- Friendly to post-processing (adhesion, gloss varnish, paint, etc.)

Applications:

Can be used for PU shoe soles, PU Slippers, PU Sandals, and other footwear factories, etc.

Thoroughly clean the mold surface. Apply at least two uniform, thin coats at process temperature. Allow a short drying time. Reapply a light coat at process temperature when required to maintain desired release and lubrication.

Packing and Shipping:

Product Name: PU Mold Release Agent

Product Description: This product is designed to be used as a mold release agent for polyurethane (PU) shoe sole. It provides excellent release properties.

Package Contents: 20L and 200L

Warehousing and logistics

It has nearly 5,000 square meters of cargo storage area. Eight employees work full-time in warehousing.

Technical support

Making adjustment in the field

Shanghai Lorechem has a professional technical service team, whose members are specialized in polymer materials engineering. They have a wealth of field testing.

Testing in the field

Shanghai LoreChem Co., Ltd. was established in 2008. It is a high-tech enterprise which is dedicated to serve releasing products which involve semi-permanent release agent, anti-sticking, surface lubrication and thermal reactive adhesive. Shanghai LoreChem has been improving product quality for 15 years. The releasing products are mainly applied in rubber, polyurethane and composite industry. The brand of Lubekote for release agent and Thinkbond for adhesive have been registered in China. Both of them are well known in the

industry.

Shanghai LoreChem 's business is all over the domestic and foreign high-end production enterprises by providing professional technical solutions and services. The company's long-term goal is to become one of the best suppliers of release agent in Asia.
