Basic Information

- Place of Origin: China
- Brand Name: Lubekote
- Certification: ISO
- Model Number: 9120M
- Minimum Order Quantity: No
- Price: Negotiable
- Packaging Details: 20L/200L
- Delivery Time: 15-20 working days
- Payment Terms: TT

Product Specification

- Features: No VOC
- Brand Names: Lubekote
- Surface: Glossy/matte Finish
- Application: Mold Release
- Colour: Clear/white
- Density: 0,96-1,00 G/cm³
- Form: Spray
- Highlight: **External PU Shoe Sole Release Agent,
PU Shoe Sole External Release Agent,
PU Mold Release Agent Water Based**

Product Description

Water Based PU Shoe Sole Release Agent External Release High Glossy Surface

Product Description:

9120M is a release agent specially developed for polyurethane soles. It has good demoulding performance. The product is water-based, environmentally friendly, and the product can be diluted many times and is not easy to dirty the mold.

Features:

Product Name: PU shoe sole release agent

Chemical Resistance: Good

Density: 0,96-1,00 G/cm³

Viscosity: Low

Package: 20L/200L

Storage: Cool And Dry Place

Allows for: Multiple release cycles

Applications:

The mold should be thoroughly cleaned. The release agent should be well stirred before use. For shoe sole application it can be diluted by adding 30-50 parts of water. It is best to use deionized water. Apply a thin coat of Lubekote 9120M. After the water has evaporated start the production.

Packing and Shipping:

Product Packaging:

Can: 500ml, 1L, 5L, 20L

Drum: 20L, 200L

Shipping:

Shipping method: By sea, by air, or by express

Delivery time: Within 7-20 days after receiving the payment

Port of shipment: Shanghai, Qingdao, or any other Chinese port

Warehousing and logistics

It has nearly 5,000 square meters of cargo storage area. Eight employees work full-time in warehousing.

Technical support

Making adjustment in the field

Shanghai Lorechem has a professional technical service team, whose members are specialized in polymer materials engineering. They have a wealth of field testing.

Testing in the field

Shanghai LoreChem Co., Ltd. was established in 2008. It is a high-tech enterprise which is dedicated to serve releasing products which involve semi-permanent release agent, anti-sticking, surface lubrication and thermal reactive adhesive. Shanghai LoreChem has been improving product quality for 15 years. The releasing products are mainly applied in rubber, polyurethane and composite industry. The brand of Lubekote for release agent and Thinkbond for adhesive have been registered in China. Both of them are well known in the industry.

Shanghai LoreChem 's business is all over the domestic and foreign high-end production enterprises by providing professional technical solutions and services. The company's long-term goal is to become one of the best suppliers of release agent in Asia
