Product Description

Strong Cleaning Agent Professional-Grade Degreaser & Contaminant Remover

Use: Industrial use

Size: 500ml/can

This industrial-strength Strong Cleaning Agent delivers unmatched infiltration, dissolution, and volatile cleaning power. Engineered to dissolve stubborn grease, oil, grime, and contaminants from complex machinery, it restores equipment performance without residue.

Ideal for precision parts, electrical systems, and heavy-duty components across industries—including manufacturing, automotive, electrical engineering, and maintenance. Its rapid evaporation ensures residue-free operation, making it indispensable for pneumatic tools, motors, chains, gears, and sensitive electronics.
