

Non-Staining Water-Based PU Mold Release Agent Automotive Car Seat Foam Demolding

Our Product Introduction

for more products please visit us on shlorechem.com

Basic Information

- Place of Origin: China
- Brand Name: Lubekote
- Certification: ISO 9001
- Model Number: Lubekote 9450A
- Minimum Order Quantity: None
- Price: 0-99 USD
- Packaging Details: 20L, 200L
- Delivery Time: 10-15 working days
- Payment Terms: T/T
- Supply Ability: 20T/month

Product Specification

- Product Name: Non-Staining PU Mold Release Agent
- Classification: Chemical
- Appearance: Liquid
- Odor: Mild
- Application: Automotive Car Seat Production
- Highlight: **Non-staining PU mold release agent, Water-based automotive foam demolding agent, Car seat foam mold release spray**

Product Description

Lubekote 9450A is a non-staining, water-based PU mold release agent formulated for automotive car seat foam demolding. This premium liquid release product ensures clean mold release while delivering a perfect surface finish on molded polyurethane components. Its non-staining and non-corrosive properties protect both the mold and the finished part, leaving no residue that could affect subsequent painting or covering operations. The water-based formulation is environmentally friendly and safe for workers, and it applies easily by spray for convenient production. The result is a consistent, high-quality car seat foam with perfect contouring and easy demolding.

Key Features

- **Non-Staining Formula:** Leaves no residue or discoloration on molded car seat foam.
- **Non-Corrosive Properties:** Protects mold surfaces and extends mold service life.
- **Perfect Surface Finish:** Delivers smooth, uniform foam surfaces with excellent contouring.
- **Water-Based & Eco-Friendly:** Low VOC formulation that is safe for workers and the environment.
- **High Dilution Ratio:** Supports efficient, economical application with a high dilution rate.
- **Easy Spray Application:** Applies conveniently by spray for fast production setup.

Technical Specifications

Parameter	Specification
Product Name	Non-Staining PU Mold Release Agent
Brand Name	Lubekote
Model Number	Lubekote 9450A
Classification	Chemical release agent
Diluent	Water
Appearance	Liquid
Odor	Mild
Shelf Life	1 Year
Flash Point	Not Applicable
VOC Content	Not Applicable
Application	Automotive car seat production

Applications

Lubekote 9450A is ideal for polyurethane foam release in automotive car seat production, ensuring perfect contouring and easy mold release. It is also suitable for headrests, armrests, and other automotive interior foam components. The non-staining formula is compatible with steel and aluminum molds and applies by spray gun or airless spray. It performs reliably across flexible, semi-rigid, and high-resilience PU foam systems.

Packaging & Quality Assurance

Lubekote 9450A is supplied in 20L and 200L containers with a delivery time of 10-15 working days. It has a 1 year shelf life and should be stored in a cool, dry place away from freezing. Every batch is tested for release performance, non-staining properties, and consistency. For industrial use only; avoid prolonged skin contact and rinse eyes with water immediately on contact.
