Product Description

Lubekote 9451B is a non-staining, water-based PU mold release agent developed for furniture foam demolding, including sofa cushions and memory foam mattresses. It provides clean, reliable release without leaving residue on the finished foam, which is essential for furniture products that will be directly upholstered or covered. The non-staining, non-corrosive formula protects molds and preserves the clean appearance of white and light-colored foam. Its water-based chemistry is environmentally friendly and worker-safe, and it applies easily by spray for efficient production. The product supports high-quality furniture foam with a consistent, blemish-free surface.

Key Features

- **Non-Staining Formula:** Leaves no residue on sofa and mattress foam, preserving clean appearance.
- **Non-Corrosive Properties:** Protects molds and extends their service life.
- **Residue-Free Release:** Ensures foam is ready for upholstery without additional cleaning.
- **Water-Based & Eco-Friendly:** Low VOC formulation that is safe for workers and the environment.
- **Easy Spray Application:** Applies conveniently by spray for fast, uniform coverage.
- **1 Year Shelf Life:** Provides long-term usability and reliable performance.

Technical Specifications

Parameter	Specification
Product Name	Non-Staining PU Mold Release Agent
Brand Name	Lubekote
Model Number	Lubekote 9451B
Classification	Chemical release agent
Diluent	Water
Appearance	Liquid
Odor	Mild
Shelf Life	1 Year
Flash Point	Not Applicable
VOC Content	Not Applicable
Application	Furniture sofa and memory foam mattress

Applications

Lubekote 9451B is designed for polyurethane foam release in furniture manufacturing, including sofa cushions, backrests, memory foam mattresses, and upholstered foam components. The non-staining formula is particularly suitable for white and light-colored foams where residue would be visible. It is compatible with steel and aluminum molds and applies by spray gun. The product performs reliably in both batch and continuous furniture foam molding processes.

Packaging & Quality Assurance

Lubekote 9451B is packed in 20L and 200L containers with a delivery time of 10-15 working days and a 1 year shelf life. Store in a cool, dry place and protect from freezing. Every batch is quality-checked for non-staining performance, release effectiveness, and consistency. This product is for industrial use only; avoid prolonged skin contact and rinse eyes with water immediately if contact occurs.
